Munro really “brought it” with her fabulous RealGroovyBand! Laying down a groove a mile wide, the seven-piece ensemble can best be described as a list of all stars.

With band in tow, Munro took the patrons on a wide-ranging musical voyage, from jazz and blues to R’n’B, to straight ahead rock n roll. The RealGroovyBand includes very well-known and respected musicians.

Heidi is a true entertainer, vocalist, and “original” artist. Our guests at this year’s Prairie Feast Event absolutely loved her music and she provided the perfect and upbeat ambiance to the evening. She is highly versatile and kills every note! **From a business perspective, she was easy to work with, consistent, reliable, and certainly accommodating.** As an event planner at Ophelia + West Events, I would surely hire Heidi and her colleagues again! Thank you for a fantastic, and extremely entertaining performance.

Jennifer Pond – Ophelia West Events

There is no questioning her sophistication as a singer and a performer. Heidi combines her powerful jazz/blues, and RnB vocals with an enthusiastic stage attitude that completely mesmerizes the audience, combined with the incredible musicianship of the RealGroovyBand, and a chemistry on stage you could feel.

Mitch Riabko -SaskTel Saskatchewan Jazz festival Board of Directors

I have had the opportunity to see Heidi perform with The RealGroovyBand, **the professionalism of her performances is outstanding.** You will not be disappointed. Her performances are something that you would find in Vegas.

AAAHHH! Finally, a new and refreshing sound that has been long overdue. I’m talking about Heidi Munro. If you don’t listen to another song this year, make sure this is the last one you hear! This tune is contagious. Excuse me if you will while I head on down to that smoke filled bar somewhere in my mind cause Heidi, we’ve got a “Bad Case of You” and believe me that’s goooooood!”

Jim Corley- FD/MD KOYN Paris’ Texas

She’s not just any singer. **Heidi Munro is a true heart and soul performer,** that has completely taken us by surprise ”.

"Heidi Munro never fails to impress when she sings at the Bassment. Her shows are packed with great songs and great powerful performances. When she sings the great standard “At Last” people sit up and take notice."
